Traffic Mortality Among Servicemen Over 100 a Month

Soldiers, sailors and Marines are being killed or injured in traffic crashes on the highways of California at the rate of more than 100 per month, the Department of Motor Vehicles revealed yesterday. Results of a check made public by Director James H. Carter showed a shocking toll of seven servicemen killed and 89 injured in traffic mishaps in a period of less than 30 days.

"We are training men to face death on the battle lines—not on the highways," Carter commented. "Every soldier, sailor or marine killed or injured in traffic crashes means one less to help smash Meats, Hitler, Hirohito and Mussolini. The public can protect our service men and defense workers by driving carefully."

Christian Scientists Support Present Fight for World Freedom

BOSTON, Mass., June 8.—The great task now confronting a liberated America, which more than three quarters of a century ago fought a four-year war to free the slaves, is to aid in working out the freedom of the whole world from slavery. The Christian Science Board of Directors told several thousand Christian Scientists gathered in annual meeting in Boston today.

Declaring that this would be the sentiment expressed by the nation's martyred president, Abraham Lincoln, were he here today, the Directors pointed out that "through the ages tyrants have endeavored to govern and control men by engendering fear," and quoting from Mary Baker Eddy's work, "Miscellany" (p. 191), they further say, "Persecution is the weakness of tyrants engendered by their fear, and love will cast it out."

The Directors' statement was the high light of the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The directors emphasized the world-wide emergency as presaging a more universal turning to spiritual enlightenment as the pathway to future world peace.

Elect New President
Meeting in their Mother Church under the world-enveloping shadow of what is probably the gravest threat to political and religious freedom since the advent of Christianity, the visitors were reminded in a report by The Christian Science Board of Lectureship that the union of Britain and America was foreseen 44 years ago by Mary Baker Eddy, Discoverer and Founder of Christian Science, as the instrument through which the rights of free peoples everywhere might be permanently established and protected.

The Directors also announced the election of Mrs. Elisabeth F. Norwood of Brookline, Mass., as President of the Mother Church for the ensuing year. The chief duty of the President is to preside at the Annual Meeting.

The new President is the daughter of Isaac Paul Gragg, who served throughout the Civil War. Her mother, Mrs. Eldora O. Gragg, C.S.D., was one of twelve students of Mrs. Eddy's chosen by her to form The Mother Church. She was also the first woman Reader in the Church.

To the incoming President the times appeared to offer a challenge to Christian Scientists to face unflinchingly "a duty beyond anything they have ever been called upon to face." Yet in the face of this duty, she said, there is the authority of the Bible that "the Lord's hand is not shortened that it cannot save," and that "Christ's Christianity will free mankind from the bondage in which it is being held."

Federal Use Tax Stamps for Cars Are Due July 1

Motorists of the Southland are advised to include a five dollar bill in their summer budgets for the Federal use tax stamps covering the 1942-43 fiscal year.

By July 1, all motor vehicles must be equipped with the use tax stamp insignia with the "on sale" signal expected on or about June 20. The stamps will be available at post offices.

The stamps are now on sale at all other postoffices, office of internal revenue and Automobile Club.

Bearing the tax figure on its face, the stamp also has a space for writing in the license number, type of car and serial number. Motorists obtaining the tax stamps will facilitate the transaction by presenting their registration certificates at the time the insignia is purchased. The \$5 gum-faced stamps may be displayed in the lower right hand corner of the windshield.

Reports from Washington indicate the use tax will remain effective for the duration, with governmental officials estimating this year's revenue from the use tax stamp sale will reach \$150,000,000.

Motorists who have stored their cars need not purchase a \$5 stamp, it has been announced.

"The Lord is our defense; and the Holy Lord is our King," sang the Psalmist. This verse constitutes the Golden Text in all Churches of Christ, Scientist, on Sunday. The subject of the Lesson-Sermon will be "God the Preserver of Man."

Scriptural passages include Jesus' experience with the multitude on the Galilee mountainside. "Jesus," we are told by Matthew, "called his disciples unto him, and said, I have compassion on the multitude, because they continue with me now three days, and have nothing to eat... And Jesus saith unto them, How many loaves have ye? And they said, Seven, and a few little fishes... And he took the seven loaves and the fishes, and gave thanks, and brake them, and gave to his disciples, and the disciples to the multitude. And they did all eat, and were filled; and they took up of the broken meat that was left seven baskets full."

Mary Baker Eddy, in "Science and Health with Key to the Scriptures," contributes these passages to the Lesson-Sermon: "Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws. 'It is not well to imagine that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good.' 'The divine Mind that made man maintains His own image and likeness.'"
